

SMOKING HERBS

THE SUN MIX

A bold, uplifting smoke - invigorating & energising.

An awesome tobacco alternative for a strong, full-bodied experience.

If you want a smoke that hits like tobacco, this is it.

Full-bodied, punchy, and seriously satisfying.

Use it to amp up your smoke or roll it solo if you're ditching tobacco for good.

Either way, it's got bite, it's got depth, and it's ready to light up.

No nicotine • non-addictive • no chemicals • 100% natural

INGREDIENTS

Mullein – The lung's best friend. Used for centuries to help keep airways clear and the smoke smooth.

Stevia – The sweet talker. Adds some sweetness without the guilt, because your smoke shouldn't taste like an ashtray.

Jasmine – The smooth charmer. A soft floral note, like a breath of fresh mountain air, but in smoke form.

Hibiscus – The tangy troublemaker. Brings a bold, slightly tart edge that keeps the herbal smoke from being boring.

Calendula – The golden glow-up. Adds warmth to the blend while quietly flexing its anti-inflammatory superpowers.

Mugwort – The wild card. Used for centuries in smoke rituals, for its distinctive aroma and mind-opening reputation.

THE MOON MIX

A light, mellow smoke -calming & relaxing.

An awesome tobacco alternative for slowing down, switching off, or easing the edge.

If you want a smoke that leans gentle, this is it.

Soft, floral, and quietly soothing.

Use it on its own when you want calm without heaviness, or blend it in to soften stronger mixes. Either way, it settles rather than stimulates.

No nicotine • non-addictive • no chemicals • 100% natural

INGREDIENTS

Mullein – The breathing buffer. Used for centuries to keep airways clear and the smoke smooth.

Stevia – The quiet smooth-talker. Adds a hint of natural sweetness so the smoke stays rounded, not sharp.

Raspberry Leaf – The steadying hand. Known to add body and balance, giving the smoke structure without heaviness.

Blue Pea Flower – The subtle mystic. Valued in herbal traditions for its calming properties and soft floral note.

Lavender – The exhale. Widely used to ease tension and relax the nervous system.

Chamomile – The nightcap. Famous for helping the body and mind slow down.

THE EARTH MIX

An easy-going, earthy smoke - simple & robust.

An awesome tobacco alternative for everyday smoking and steady focus.

If you want a smoke that feels grounded, this is it.

Mild, balanced, and quietly satisfying.

Made for everyday steadiness, or for acting as the grown-up in a blend.

Either way, it holds things together.

No nicotine • non-addictive • no chemicals • 100% natural

INGREDIENTS

Mullein – The responsible one. Keeps smoke clean, open, and easy on the lungs.

Stevia – The minimalist. Just enough sweetness to behave, not enough to show off.

Raspberry Leaf – The structure guy. Traditionally used to add body so the smoke doesn't feel flimsy.

Chamomile – The peacemaker. Smooths things out before anyone gets dramatic.

Calendula – The glow-up. Adds warmth and depth while quietly flexing anti-inflammatory credentials.

Nettle – The straight shooter. Mineral-rich and refreshingly unromantic.

THE SNOW MIX

A stimulating, energising smoke. Cool & refreshing.

An awesome tobacco alternative for clarity, freshness, and a clean lift.

If you like a cool, menthol edge, this is it.

Bright, mint-forward, and immediately clearing.

Made for quick resets or crisp solo smokes, or for cutting through heavier blends.

Either way, it wakes things up.

No nicotine • non-addictive • no chemicals • 100% natural

INGREDIENTS

Mullein – The responsible adult. Keeps the smoke smooth and lungs happy while the mints show off.

Stevia – The editor. Softens the sharp bits and leaves early.

Rhododendron – The aromatic wildcard. Light, floral, and a little unexpected.

Spearmint – The fresh start. Cooling, clearing, and instantly uplifting.

Peppermint – The cold splash. Brings that unmistakable menthol edge.

Nettle – The anchor. Mineral-rich and quietly serious.
